Work Experience

June 2014 – Present Chicago Illinois
Manager of Technology & Operations
Tahoe Partners LLC

Accomplishments

- Migrated internal assets to the cloud from a traditional on-premises datacenter, utilizing Office 365, SharePoint Online, CRM Online, Skype for Business and Microsoft Azure services.
- Migration to the cloud has saved on annual operating expenses and hardware refresh costs.
- Recognized by peers and superiors for efforts with Employee of the Quarter in Q3 2015.
- Migrated hosted Skype for Business to Skype for Business Online.
- Coordinated and executed move to new facility.

2013 to June 2014 Fort Wayne Indiana
Technical Engineer
Source One Solutions

Accomplishments

- Provided IT services for small and medium size business clients.
- Migrated Exchange 2003 environment to company datacenter for the Fort Wayne TinCaps baseball team and upgraded remaining in house servers.
- Supported 100+ users in the transition to the new environment.

2010 to 2013 Fort Wayne Indiana
IT Technician
OmniSource Corporation

Work Summary

- Performed computer and network diagnostics, repair, maintenance and deployments.
- Processed help desk tickets for L1 & L2 support.
- Installed computers, printers and networking equipment for over 50 different locations and 1000+ users.
- Deployed network, computer infrastructure to new facilities.
