EDUCATION

Ph.D	2007	Plant Pathology	TAMIL NADU AGRICULTURAL UNIVERSITY
M.Sc	1991	Plant Pathology	ANNAMALAI UNIVERSITY
PGDPP	1987	Plant Protection	Central Plant Protection Training institute
B.Sc	1985	Agriculture	ANNAMALAI UNIVERSITY

PROFESSIONAL EXPERIENCE

2017 – present – plant pathologist-Horticultural College and Research

Institute - TRICHY.

Production in charge for green house and farm in vegetables block.

Conducting multi locational trials with new varieties, collection of data, formulating new strategies.

Conducting farmers training program in vegetable protection and production.

2014 – 2017 – Senior Plant pathologist ORS TNAU INDIA.

Production in charge for commercial production of mushroom and bio control agents

Farm professor in charge for the 150 acres of ground nut, sesame, pulses and 70 acres of orchard

Co-ordinating with related departments for services like disease diagnostics,

Recommending plant protection measures & its training.

Co-ordinator for multi- location disease screening trials/OFT trials in the state with breeding, product evaluation and product biology teams

2007 – 2014 – Plant Pathologist SRS TNAU INDIA.

In charge for the pathological experiments for screening of resistant sugarcane varieties.(Red rot disease screening, Smut screening)

2002 – 2007 Plant Pathologist RRS TNAU INDIA

Conducting AICRP (O) Pathology field experiments and glass house trails

Plant pathology clinic in charge

1996 – 2002 Assistant Plant Pathologist SRS TNAU INDIA

Worked as Farm manager for the 255 acres of sugarcane farm.

Served as training officer in charge for the crop protection unit to train the sugar factory technical staffs viz., Asst Cane Officer and Cane Officers both in Government owned and private sectors sugar mills..

Worked as FRAM MANAGER for the black cotton soil farm and chilies block

In charge for the management of greenhouse experiments and field experiments for capsicum and cotton.

Conducting the university experiments on the mechanism of action of VAMF as a biological control agent for soil borne diseases of tomato and capsicum.

In charge for foliar fungicides and seed treatment trials for cotton and vegetables

SYNERGISTIC SERVICE ACTIVITIES

- Production in charge for commercial production of mushroom and bio control agents.
- In charge for the disease diagnostics service centre and plant protection measures, disease forecast.
- Participated in extension activities by introducing growers and field staffs to diagnostic procedures.
- Involved in writing grant proposals and preparing promotional material for extension purposes.
- Served as Assistant Farm manager for the 255 acres of sugarcane farm.(1996-1999)

- Worked as Farm Manager for the black cotton soil farm and chilies block(1995-96)
- **PROFESSION RELATED CONTRIBUTION**

Participation in Training / Conference / Seminar / Symposium/workshops

TRAINING

Sl. No.	Name of the event	Period		Duration (days)
		From	To	
i.	Recent Advances in weather forecasting and d Ryland management	10.04.1996	23.04.1996	14 Days
ii.	Recent advances in the management of Plant diseases	08.03.2004	28.03.2004	20 Days
	Breeders and Plant Pathologists Meet	23.01.2012	24.01.2012	2 Days
CONFERENCE				
I	Microbial Technology for Second Revolution	28.03.2007	29.03.2007	2 Days
li	Karmbu velanmai thozhil nuduppa karuthrangu	14.05.2010	14.05.2010	1 Day
lii	Needitha naveena karumbu sagupadi	25.07.2012	25.07.2012	1 Day
SEMINAR				
I	Agri index - 2001	01.07.2001	07.07.2001	7 Days
li	Production and Utilization of Medicinal Plants	13.03.2003	14.03.2003	2 Days
lii	Emerging trends in Plant Pathology and their Social Relevance (ETPPSR)	07.03.2005	08.03.2005	2 Days
lv	Convergence of Technologies for Organic Horticulture	20.07.2006	21.07.2006	2 Days
V	Integrated Plant Disease Management for sustainable Agriculture (IPDMSA)	20.03.2003	21.03.2003	2 Days
SYMPOSIUM				
I	Modern Concepts in Plant Disease Management and Their Global Thrust(MCPDMGT)	29.12.2005	30.12.2005	2 Days
ii	Centenary Symposium on Plant Pathology,CPRI,SHIMLA	07.04.2005	08.04.2005	2 dAYS
WORKSHOPS				
I	Group meeting of AICRP on Sugarcane and Sugar beet network Programme – Sriganga Nagar,Rajasthan.	17.10.1997	18.10.1997	2 Days
li	Biennial workshop of AICRP(S) – Vasantadada Sugar Institute -Pune	13.09.98	15.09.1998	2 Days

iii	28 th Biennial Workshop of AICRP(S),Navasari, Gujarat	27.10.2010	29.10.2010	3 Days
iv	Group meeting of AICRP(S) Bhuvaneswar,Orissa	17.10.2011	19.11.2011	3 Dsys
V	Biennial Workshop of AICRP(S),Coimbatore,Tamil Nadu	20.10.2012	21.10.2012	2 Days
Vi	Group meeting of AICRP(S),ANGRAU,Vishakapattinam	25.10.2013	26.10.2013	2 Days

OTHER SKILLS:

Farm implements operations, Farm labour management,

Farm produces stock and sell, Farmer's interactive meetings.

Dry storage and cold storage inventory in charge.

Computer knowledge

Basic, Microsoft Office (MS-word, power point, excel), photo shop.

SOFT SKILLS:

I Organize and lead regular staff meetings and coordinate department activity ensuring that goals are properly communicated and attained.

I am able to work a flexible schedule, including nights, weekend and holidays as required

I am good at handling complaints and communicating with upset, irate or irrational people, customers and fellow workers.

I am good at handling complaints and communicating with upset, irate or irrational people, customers and fellow workers.

CURRENT SALARY: USD 2200/P.M

AVAILABILITY: ASAP

Refer to previous employer: yes, no objection.
